  13. Course Description: You will learn how to use metaphors as a standalone intervention which is known as ART's Metaphorical Moment. Now that you have practiced the use of metaphors from the Basic ART training you can learn a protocol to use an intervention that can serve as another way to approach a problem by translating that problem into a metaphor. The Metaphorical Moment can be inserted into the Basic ART protocol but can also be used as the format for an entire session. You will also learn additional advanced ART techniques.

Training Materials: Use of videos of actual sessions with The Metaphorical Moment, practicum script, Advanced ART manual.

Objectives:

- 1) Participants will learn how to identify metaphorical language that clients use naturally during an **ART** session.
- 2) Participants will practice how to identify and use metaphors to enhance the effectiveness of the **ART** session during the practicum.
- 3) Participants will learn how to effectively reframe the client's language in order to help the client make positive cognitive shifts.
- 4) Participants will be exposed to video tapes of **ART** sessions depicting the use of a "Metaphorical Moment, Metaphorical Logic and leading to a "Metaphorical Solution" so they may incorporate this intervention into their practice.
